

Active Youth 4 Better Environment

Youth Exchange
05-13 October 2026
Larnaca, Cyprus

What is this project about:

“Active Youth 4 Better Environment” is an Erasmus+ Youth Exchange project designed to empower young people to take an active role in addressing climate change and promoting sustainable living.

The project addresses two key challenges: the limited level of climate change education among young people, and their vulnerability to its environmental, social, and economic impacts. By equipping young people with knowledge, practical skills, and advocacy tools, the project empowers them to become informed, responsible, and proactive environmental citizens.

In addition to educational sessions, the project includes practical environmental activities and awareness-raising campaigns. Participants will actively engage in environmental actions and community-based campaigns promoting recycling and sustainable living.

“Active Youth 4 Better Environment” promotes intercultural dialogue, solidarity, and youth participation in environmental action. It empowers young people to become Climate Agents and take part in building a more sustainable future.

Objectives

Raise awareness about environmental protection and sustainable lifestyles

Promote non-formal education as a tool for active learning.

Exchange ideas, experiences, and good practices on:

- **Recycling and waste sorting**
- **Renewable energy**
- **Eco-friendly daily habits**
- **Environmental protection strategies**

Develop participants' skills in:

- **Critical thinking and problem solving**
- **Leadership and teamwork**

Project Details

Hosting Organisation:

Youth Powerful Skills Community (Youth PSC)

Location:

Pervolia, Larnaca, Cyprus

APV Dates:

04-06 July 2026 (incl. travel dates)

Youth Exchange Dates:

05-13 October 2026 (incl. travel dates)

Number of participants:

7 participants + 1 group leader (8 in total)

Age limit:

18-30 years old

No age limit for group leaders (18+)

Partner Countries:

Cyprus, Slovakia, Greece, Lithuania, Romania, Spain

Participants' profile

- Age: 18-30 years old (Group leaders 18+)
- Basic or good knowledge of English
- Interested in issues related to environment and sustainability
- Committed to participate in ALL phases of the project
- Ready for action-oriented learning and outdoor work in nature
- Promote a positive attitude at the group level, active engagement, and teamwork.
- Knowledge Sharing / Dissemination: Ready to spread what they learn about the project
- Gender balance is encouraged
- Priority will be given to youth with fewer opportunities

Team leaders will be responsible for their group and their needs, and will help facilitate the whole project by coordinating communication between us, the project organizers, and the participants

Venue

- The youth exchange will take place at the Journalistic Village in Pervolia.
- This accommodation is situated near the beach, and the apartments are furnished with a private bathroom, a kitchen equipped with a fridge, air conditioning, and Wi-Fi.
- The venue consists of small flats with 1 or 2 bedrooms and a living room. Each flat can accommodate 3-6 people.
- Towels and linen are provided; however, you need to bring your own toiletries.
- The location has a spacious activity room designated for the workshops, as well as a restaurant, which will provide all the meals throughout the day and snacks during snack breaks.

How to reach:

The closest airport to the venue is Larnaca Airport (10 minutes away). We will arrange a pick-up from Larnaca Airport to the project venue.

Paphos Airport is also an option, but getting to the venue from there is more challenging.

*Note that Ercan Airport in the Northern part of Cyprus is not covered by the European Union for travel expenses. Therefore, we request that you book flights to either Larnaca or Paphos, as these are the only two legal airports in Cyprus that are eligible for reimbursement

Travel Costs and Budgets:

The Erasmus+ programme fully funds this youth exchange. Accommodation and meals are only provided during the official project dates. If you plan to stay extra days (max. 2 extra days in total) before or after the project, you are responsible for arranging and covering your own accommodations and meals.

- Your trip must start from your home country.
- Only the most economical means of transport (economy class fares) are eligible for reimbursement.
- The project budget does **NOT** cover: taxi, private transportation, gas, personal car use, car rental, parking fees, and personal expenses.
- Renting and using a car during the project dates is strictly forbidden.
- Full attendance throughout the entire project is required in order to receive reimbursement.

DO NOT buy any travel tickets without receiving prior confirmation from the project coordinator (Youth PSC - youthpsc24@gmail.com)

To receive travel cost reimbursement, participants must:

- Keep and send ALL original travel documents (Invoices, Tickets, Boarding passes)
- Fulfill dissemination requirements
- Complete the Mobility Tool+ (group leaders)

Reimbursement will be made via bank transfer **ONLY to the sending organisation's bank account** after all conditions are met.
